

T&FN's MEN'S ATHLETES OF THE YEAR

Track & Field News has been formally choosing an Athlete Of The Year since 1959. Our Men's World Rankings began with the 1947 season, but for that year through the '58 campaign, the concept of an AOY didn't exist.

The all-time No. 1s, with the event(s) in which they made the World Rankings that year (if the events are out of order, it reflects the existence of a "primary" event):
